Developmental Milestones

Toddlers 15 - 18 Months

Your Toddler May ...

- ◆ Walk without holding on
- ◆ Climb up stairs, jump in place; throw ball
- ◆ Kneel without support
- ◆ Point to body parts
- ◆ Imitate parents; love to set table and "help out"
- ◆ Stacks blocks
- ◆ Understand simple instructions
- ◆ Use 6-20 words

Please remember: All children grow and develop differently. Contact our nurse advice line if you have concerns about your toddler's development.
